

30 Seniors Receiving Diplomas Tonight

LARGE CROWD ATTENDS CLASS NIGHT PROGRAM

Thirty boys and girls will complete their school studies in Grayling high school tonight when graduating diplomas will be presented. This fine class presented their class day program last evening before a crowded auditorium of parents, relatives and interested friends.

The usual graduating speeches were had, with Miss Virginia Peterson presenting the salutatory; F. J. McClain the president's address; Elva Lee Oranger the class history; Natalie Peterson and Robert Church the class prophecy; Theon Deckrow the class will; Ruth Burrows and Jack Hull the giftatory, and Miss Mary Jane Joseph the valedictory.

The program opened with the band playing an overture and the processional march. Interspersed in the program were several musical numbers. The girls sextette sang "I Love to Hear You Singing." The boys quartette sang "Melodies" by Cecil Gates and the sextette appeared again, singing "Gypsy Love Song."

The principal features of tonight's program will be the presentation of diplomas and the commencement address by Dr. Glenn Frye of Benton Harbor, subject is "Making Democracy Safe for the World." Also there will be the annual Kiwanis award to be made by President Farnham Matson. This goes to the most outstanding pupil, based on school spirit, activities and citizenship.

The girls sextette will again appear on the program and Miss Natalie Peterson will sing "An Old Refrain." The diplomas will be presented by Supt. Gerald L. Poor. Invocation will be by Rev. F. C. Moloney, benediction by Rev. P. C. Stockholm.

Attention! The Flag Speaks

Thru the cooperation of the management of the Rialto theatre and the Warners Bros. producers, the picture "The Flag Speaks" will be shown at the Rialto theatre on Tuesday, Wednesday and Thursday, June 11th, 12th, and 13th.

The American Legion program on Americanism is responsible for bringing this picture to you and we urge everyone to see it. The picture will be shown along with the regular program and you will find it educational, interesting and timely.

We again urge you to attend one of these showings. American Legion Post No. 106, Clarence Johnson, Chr., Americanism Comm.

Holding Baby Show Next Wednesday

Wednesday, June 12, is the date for the baby show, which will be held at the Grange hall, when the judges will select the healthiest baby out of 44 entered. Dr. Sue Thompson of West Branch and Mrs. Pearl Maier, R. N., of Missaukee county, will be judges. A third judge has not been announced as yet.

There will be favors for the children and refreshments will be served following the awarding of prizes. A short program has been planned. The public is cordially invited to attend. The hour is 1:00 o'clock.

Grayling Had Substantial Growth

According to an official bulletin received from the district census enumerator of Bay City, the city of Grayling has had a substantial growth in population. The figures show that we can count 2121 noses, an increase of 148 since the last official census taken in 1930.

This is quite in tune with the "cross state" enumeration taken a couple of years ago, when the count was about 2,100.

Grayling suffered a slump in population soon after the DuPont plant closed here about 20 years ago, when many families moved away from Grayling. Grayling stood still for a few years but during the past ten years our city has had a steady, substantial growth. Today Grayling is a better and more aggressive city than it has ever been and prospects are that it will continue in growth.

P. O. Dept. Starts New Mail Route

The Post Office Department announces the inauguration of two new star route mail services to the benefit of the Grayling post office patrons. Service on the following schedules became effective last Sunday, June 1st, on a daily except Sunday frequency:

Bay City to Grayling

5:15 p. m. Arrive Bay City

Leave 6:30 a. m.

12:45 p. m. Leave Grayling. Arrive 11:30 a. m.

Contractor—A. W. Meylan, Kawkawlin, Mich.

Gaylord to Grayling

5:15 p. m. Arrive Gaylord

Leave 8:15 a. m.

4:00 p. m. Leave Grayling. Arrive 9:30 a. m.

Contractor—Cecil L. Cook, Gaylord, Michigan.

These routes will carry all classes of mail. The Bay City to Grayling star route service replaces the mail service which prior to June 1st was received on the late afternoon freight-passenger train 209 and which was scheduled to arrive in Grayling at 4:20 p. m. but usually failed to arrive until after the closing hours of the post office. In other words the mail which the mail patrons formerly received in the late evening or not until the following morning will be received regularly at 11:30 a. m. each day except Sundays.

Patrons are advised of the advantageous dispatch now provided for their outgoing mail. The delivery of ordinary mail to local points in Michigan and to cities in Ohio particularly Cleveland, Dayton, Cincinnati, and Columbus, and to Chicago, Ill., and Pittsburgh, Pa., will be greatly expedited for early delivery the following morning. The mail dispatch by star route at 12:45 p. m. now permits special delivery mail to be delivered in Detroit and points south of Bay City the same evening of dispatch and permits an exceptional arrangement for connection to afford delivery of air mail in distant cities early the next morning. For instance, this noon dispatch allows air mail to be delivered in New York City by 3:55 o'clock the following morning.

The complete dispatches of mail south and the receipt of mail from the south at the Grayling post office follows:

Dispatches	Receipt
12:45 P. M.	11:30 A. M.
3:05 P. M.	5:20 A. M.
6:00 P. M.

Tribute Paid To War Dead

Memorial Day services in Grayling this year seemed to be more than a routine observance to those who took part in them and to the many who stood on the sidelines. There was a note of marked solemnity as the boys of the World War marched in the parade, to pay homage to the dead of all wars. The alarming European situation had made the occasion one of sadness.

Grayling American Legion Post No. 106 made the arrangements as has been customary since their existence and the American Legion Drum and Bugle Corps, ex-service men, Grayling High school band, Girl and Boy Scouts and school children lined up at the Legion hall to march behind the colors of our country, the red, white and blue.

At the memorial in the city park bordering on the AuSable river appropriate observance was given in honor of those who had died at sea. Rev. H. W. Kuhlman recited prayer and Post Commander Carlton Wythe read the Legion ritual, while A. J. Nelson tossed flowers onto the water. The memorial that has been placed just across the river was dedicated on this occasion to the memory of CCC veterans. This service was in charge of Capt. Frank Pritchard and Chaplain Harris.

Marching on US-27 to Elmwood cemetery, the crowd gathered around an improvised platform where Commander Wythe opened the services and was followed by Rev. P. C. Stockholm, who recited prayer. Chaplain Harris, CCC area chaplain, gave an inspiring patriotic address, using for his theme "I am glad I am an American." After the gun salute, taps were sounded in the distance by Bugler Archie Cripps, with Don Sweeney blowing the echo.

The procession was very fine and there was a nice turnout even though skies were clouded and it looked like rain.

Married At Pretty Home Ceremony

Arrangements of apple blossoms, lilacs and fern banked the fireplace at AuSable State Forest Headquarters Saturday evening for the marriage of Miss Bertha Evelyn, daughter of Mr. and Mrs. Max Laage and Mr. Elmer Carlson, son of Jonas Carlson of near Roscommon. Elder Allen Schreier of Gaylord officiated at the candlelight service at 7:30 o'clock.

The bride wore a gown of powder blue triple sheer made floor length and very full and with a square neckline and short puffed sleeves. Her bridal bouquet was of calla lilies, lilies-of-the-valley, and white gladiolas. Her sister, Miss Margaret, who was her bridesmaid, wore pink triple sheer made floor length and her bouquet was Briarcliff roses and white gladiolas. Leonard Knibbs was the best man.

The bride's sister and husband, Mr. and Mrs. Emil Peterson of Munising, played Lohengrins Wedding March on piano and violin as the bride came down the stairway where she was met by her father who gave her away. A reception for 40 guests followed the ceremony. The lace covered bridal table was centered by a large wedding cake and tall white tapers. Mrs. Emerson Frye poured.

Out-of-town guests included Mr. and Mrs. Emil Peterson and Hilding Carlson, Munising; Dr. and Mrs. M. E. Whitehead, Comins; Jonas Carlson, Miss Bertha Carlson, Mr. and Mrs. Walter Carlson, Mrs. Carl Carlson and Elis Martinson, Roscommon; Miss Ann Carlson, West Branch; Mr. and Mrs. Joseph Goss, Mrs. Elizabeth Sherman, Higgins Lake and Mr. and Mrs. Charles Goss, Cadillac.

The bride is a graduate of Mio High school and with her parents have resided in Grayling for the past 12 years. A brand new home that was built from the ground up by the groom and is completely furnished awaits the young couple when they return to Roscommon from their honeymoon to northern points.

The Avalanche joins a host of friends in extending congratulations and best wishes for a long and happy wedded life.

Bake Sale

There will be a bake sale at Connine's Grocery Saturday afternoon, June 8, from 1 to 4, sponsored by the Townsend Club No. 1 of Grayling.

Riding Stables Starting Here Soon

Alex Atkinson will open his horse stables for business in the near future. A couple weeks ago Alex purchased the old livery stable next to Spike's Keg O' Nails had it razed and the good lumber moved out to a spot on the old M-93 road near the Winter Sports Park.

A stable, 28 by 60 feet has been erected, with room enough to accommodate 20 horses. The place has been named "Sports Park Stables." The winding ski trails are being used as bridle paths where riders may enjoy the beautiful scenery. Anyone may take lessons in horsback riding any time during the day or evening by appointment. Capt. J. J. Spielman is the instructor. During the winter season horses and sleighs may be rented for sleigh-ride parties, and for skijoring, a popular sport of a horse pulling a person on skis.

The stables also boast the fact that they have the only Palomino stallion in Michigan. It is a beautiful animal, cream color with silver tail and mane, but will not be rented out, as this breed of horse is very high strung and unsafe for riding. All the other horses are well trained and beginners will experience no trouble in learning to ride.

The Sports Park Stables will be under the management of Clarence "Shorty" Sotendahl. No persons will be allowed to loiter around the stables to bother riders or horses.

This is fast becoming a popular sport at resort towns as well as in the cities, and it has long been the desire of many that we might have a stable here.

Fred Eseman, Former Resident Dies Here

Fred Eseman, a former well known resident of Beaver Creek and Grayling, passed away at the farm home of Mr. and Mrs. Edwin J. Cross in Beaver Creek, Monday of heart trouble. Mr. Eseman, who resided in Mt. Morris, had accompanied his brother-in-law Mr. Cross from Flint, to his home here over the week end, as he had been doing frequently. Mr. Cross is employed in Flint but still maintains his home here.

Mr. Eseman was 61 years old and had been ailing for about three years. He was born in Germany April 30, 1879 and during his younger days lived near Royal Oak. In 1904 he was united in marriage to Mary H. Sewell, the latter who is a sister of Mrs. Cross. Coming to Crawford county shortly after their marriage they lived on a farm in Beaver Creek until 1919, when they moved to Grayling where Mr. Eseman was employed at the M.C.R.R. roundhouse. In 1925 they went to Flint and two years later purchased a home at Mt. Morris where they have since resided.

Surviving the deceased are his widow, his parents, Mr. and Mrs. Fred Eseman Sr. of Royal Oak, one brother Henry, of Big Beaver, Mich., two sisters, Mrs. Minnie Levi and Miss Edith Eseman, of Royal Oak, also one step-sister and step-brother.

A short funeral service was held at the Grayling Funeral Home Tuesday afternoon at 2:00 o'clock, Rev. H. W. Kuhlman officiating. The remains were taken later to Flint where services will be held and interment will take place at Flint Memorial Park in that city.

Recruiting And Your Boy

RECRUITING OFFICER STATIONED AT HARTWICK PINES CCC CAMP

The Nation is calling young men, 18 to 35 years of age, able-bodied, strong, active, free from disease and unmarried to voluntary enlistment in the armed forces, for the defense of our security. Applicants between 18 and 21 years of age must have the written consent of parents or guardians, authenticated and witnessed by a notary.

This means your boy, if he meets these qualifications. As his parent, what is your reaction? Have you thought it through to a wise decision? Can you see clearly enough to say to your boy "DO IT NOW?"

Perhaps your boy is particularly capable and promising and you have great plans for him. Such a decision may be farthest from your mind and only to be considered possible at some time in the future, when he might be required to go through a draft. Well that may be a common error made by many parents who have failed to exercise their best judgment and to think clearly. This is the time to think fast for the good of your boy. Take a long look at the future.

As a nation, we are not planning war. We are a peaceful nation, seeking peace for ourselves and others. We have given many evidences of this in the past.

As a nation, we are seeking to prevent war coming to us. We are mobilizing all of our resources for the defense of our peace. We are seeking to prevent the destruction of ourselves and others. The security of our peace lies in our prompt response to the nation's call. Our vast and speedy national mobilization will probably save us from war. We will be saved from the horrors through which other nations have passed.

A vast new field of opportunity has opened to youth. A career in the armed forces will provide an extraordinary opportunity for education and technical training at Government expense. An advance to the highest rank is possible for a capable young man. In the opinion of many thoughtful observers, it will take many years for the world to make the adjustments that will do away with the necessity for armies. We will be strong for peace until that time. In this disturbed world, a military career looks very desirable to those who can clearly evaluate it.

Warren F. Peterson, Capt. Inf. Res., has been authorized by the Chief of Staff, Michigan Military Area, Detroit, to give information and counsel to any young men in the vicinity of Grayling who desire to enlist. He states that the young man who enlists now, will be in on the ground floor for early training and advancement to rank and better pay. There are many positions to be filled in all branches of the expanding forces. The best opportunity of getting into the preferred branches for training is now, before these places are filled. Captain Peterson is stationed at Camp Hartwick Pines and can be reached by calling phone 4201.

A Call To America

In the face of events which threaten to shake the foundation of our world, we call our citizens to a program for nation unity.

Here in America our problems, social, political and economic, are becoming issues of bitterness and conflict. Events abroad bring home to us the failure of human wisdom. More than anything else we need a new spirit—the spirit of Moral Re-Armament to mobilize the best in everyone and conquer the fear and selfishness in us all.

To build a fear-free, hate-free, greed-free America we must restore to our democracy its true strength which lies in the simple virtue of faith and sacrifice. We must release again the uniting power of honest apology and learn the secret of listening for Divine Guidance. Every citizen has a part. Everyone can start with himself.

We can then secure true cooperation in civic and state affairs, between management and labor and between nation and nation.

May our own community take its full part in restoring sanity and lasting peace to the world. —Contributed.

DEATH RAYS—HOW THEY MAY AFFECT MANKIND'S FUTURE

Robert D. Potter points out in The American Weekly, with the June 9 issue of The Detroit Sunday Times, that there are many kinds of death rays much like those in fiction stories and says all we need to stop all wars is to make one work; an informative article discussing four groups of energies which seem to work fantastic wonders in the laboratory... but on the battlefield they're something else again.

Political Advertising

That newspapers of Michigan are going to put a damper on the political practice of flooding newspapers with free publicity while spending most of advertising funds with other media is indicated in a bulletin received by the Avalanche from the Michigan Press Association, Inc., an organization of 42 daily and 274 weekly papers.

This newspaper is supporting the following pledge:

"We join with all Michigan newspapers in considering it an unfriendly act on the part of candidates for political office in Michigan to use other paid advertising media to the exclusion of newspapers, and at the same time request free publicity from newspapers."

Information on advertising rates may be obtained either from this newspaper or from the Michigan Press association, East Lansing, Mich.

THURSDAY, JUNE 6, 1940

ONE couldn't help but notice that the Decoration day parade had an air of seriousness that hadn't been prevalent in former years. The existing war situation makes one think and wonder what may be in store for America's future. A united America is one of our defenses and people should so practice its principles that there may be no divided purposes that may disrupt a united front—America first, last and all the time.

LOCALS

Ad Matteson of Cadillac is opening a dancing academy in Grayling, starting Friday, June 14th. He specializes in tap, ballet, acrobatic and ballroom dancing. 15 years of teaching experience. Private lessons and class lessons. For particulars call Mrs. Curtis Frook, at Sweeney's Electric.

Mr. and Mrs. Van Smith of Detroit have purchased the Jess Schoonover cottage at Lake Margrethe. They were in Grayling over the week end when they made the deal. Mrs. Smith will be remembered as Helen Peterson, daughter of the late Mr. and Mrs. Henry Peterson, and her girlhood was spent in Grayling.

During the closing days of school, picnics or some sort of trip has been on the bill of fare. The South Side school had a big family picnic Wednesday when the children were privileged to invite their mothers and preschool children and the crowd all drove to Lake Margrethe for the day. It was something different and the mothers and kiddies must have enjoyed it a lot. The first and second grades from the high school building went to the Pines for an outing and some of the grades went to Otsego Lake State park this week.

The Senior class together with a few school mates, ten canoe loads in fact, went down the AuSable river Wednesday. Coach and Mrs. Willard Cornell accompanied the crowd as chaperones, and they must have done a good job for on reaching their destination, at Stephan's landing, the Coach met the fish at the bottom of the river three times. After that every boy in the crowd got the same treatment and they took it like good sports. They all had a grand time and will long remember the trip. Members of the Sophomore class also enjoyed a canoe trip the same day and their chaperone, Mr. Rowland, received the same treatment as Coach Cornell.

Mrs. Emil Kraus returned to Detroit with Mr. Kraus Sunday to attend the graduation exercises of the University of Detroit. Their daughter Miss Virginia is a member of this year's class. Returning to Grayling today they will be accompanied by Miss Virginia and their son Emil, the latter who will be coming home from U. of M., Ann Arbor, for the summer recess.

Personals

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

Thursday, June 7, 1917

Mrs. Fred Brown, Sr., left Tuesday for New York to visit relatives and friends at her old home in a small suburb town. She expects to be gone about three months.

A daughter was born to Mr. and Mrs. T. P. Peterson this morning (Thursday).

Miss Helen Winslow, daughter of Mr. and Mrs. Lee Winslow, former residents of Grayling, graduated May 29 from the Ellensburg, Washington State Normal school.

Mrs. Scott Loader and youngest daughter Mary arrived Saturday from Detroit and spent a few days visiting her father, John O. Goudrow and other relatives.

Mr. and Mrs. Paul Ziebell and daughter Helen left Wednesday on a week's visit to Harbor Beach and Port Hope.

Mr. and Mrs. Frank Root of the South Side are happy over the arrival of triplets in their home Tuesday.

N. P. Olson is building a fine new brick garage at his home.

Miss Flora Borchers of the H. Petersen grocery left Monday to enjoy a week's vacation with friends in Hart, Michigan.

Miss Laura Neilson of Flint spent Sunday at the home of her sister, Mrs. Wm. J. Heric. Miss Laura came to attend the Senior banquet Friday evening.

The American mission, headed by Elihu Root, former secretary of state, arrived at a Russian port Sunday. Timed to coincide with his arrival, a message from the state department outlining the war aims of the U. S. was cabled to the de facto government of Russia. The message sets forth clearly what the U. S. is fighting for and how far it will go.

The U. S. anticipates from three to five more years of war and is preparing for it on a tremendous scale. A hundred thousand or more Americans will be on the fighting front this year.

It is expected that our armies will appear there in great strength before 1918.

Mr. and Mrs. Archie McNeven, former residents of Grayling, are here to spend the summer among their sons.

Miss Gladys Dekette and Mr. Cecil Parker were united in marriage at the home of the bride Sunday afternoon. Miss Florence Parker, the groom's sister, and Joseph Foster of West Branch attended the young couple. They left Monday morning on a honeymoon trip in the northern part of the state, expecting to be gone a month. Mr. Parker has been employed at the Model Bakery for the past two years.

Mrs. Karen Fischer and daughter, Mrs. Albert Hake and her little daughter Melita of Dickinson, North Dakota, arrived here Friday to visit relatives and friends during the summer months. They are guests at the home of Mrs. Fischer's sister-in-law, Mrs. Edward Sorenson.

Contractor George Lathers of Traverse City was awarded the contract to build at the Hanson State Military reservation a \$25,000 hospital, a \$10,000 administration building and a 40 x 130 foot warehouse.

The Eastern Star Chapter held initiation last evening and at this time Miss Eulah Maxwell was initiated into the order.

Announcements were received by Grayling friends of the marriage of Miss Gertrude Julia Swanson to Harry A. Lundberg and Miss Thyra Elizabeth Swanson to Tracy T. Vanucie, that occurred Friday, June 1, in San Francisco. The brides are daughters of Mr. and Mrs. Peter Swanson who formerly resided in Grayling.

Arthur Fournier, son of Mrs. Lucien Fournier of Royal Oak, former residents of Grayling, has composed a new war song, entitled "For the Glory of the U. S. A." He graduated from

our High school with high honors devoting most of his life to music, and is known as one of the greatest musicians in the West.

Expressman Guy Pringle has been ordered to Mackinac Island and will leave at once, expecting to return to Grayling next fall.

Lovells News (23 Years Ago)

A. M. Parker of Detroit who has purchased land of T. E. Douglas, has already begun his building.

Sixteen men between the required ages registered in Lovells Tuesday, June 5.

Thursday morning about 3 o'clock the house of Mr. and Mrs. Nephew and all its contents was completely destroyed by fire. It is supposed that a lamp in a chicken brooder, which they had in a spare room in the house had exploded and was the cause of the fire. The Nephews are staying at the home of Mrs. Nephew's mother, Mrs. Joe Duly until another house can be erected.

LANSING—Germany's blitzkrieg threat of European domination and America's belated awakening from pipe dreams of peaceful isolation have just about put Michigan politics and state affairs into near-total eclipse.

Verily, these are days of confusion and fears.

The fast-changing situation is bewildering, to put it mildly.

History is being written with lightning speed. Issues are reshaping in similar tempo. How the voter will react to such issues as economy, deficits, isolationism, unemployment, social reforms, business recovery and "keep out of war" when the British empire appears tottering, France has its back to the wall, and Roosevelt is being criticized for not spending enough money on armaments is one of those dizzy situations that nobody foresaw a month ago.

A Republican bigwig remarked the other day: "The issues are changing so fast it's impossible to tell what will be needed to win the election in November." And it looks like he was right.

Michigan to Benefit

Exports have been declining and farm products particularly are being hard hit, but Michigan remains a bright spot on the nation's economic map.

For several months we have enjoyed business "better than average."

Because of our high development of mass production methods in industry, Michigan stands to receive major benefits from the sudden spurt in rearmament orders from Washington. Steel, motors, machinery, retooling, army trucks, artillery guns, shell forgings, cartridge cases, and other military items will all be manufactured in Michigan.

Michigan industrial centers will be an important hub in this feverish rush to arm ourselves on lines of modern blitzkrieg warfare. Motor companies are gearing to turn out machine guns,

cannons, gunsights, tanks, airplane engine parts and even torpedo boats. Among the products which Ford will probably turn out are submarine chasers and airplanes, both on assembly line schedules.

Thousands of other parts come from motor company supply firms, many of which are located in small towns in Michigan and other Middle-Western states.

Be Thankful!

At a time when Hitler is outdoing Napoleon and when democracy is falling back before the grim march of dictatorship, we should be devoutly thankful that we live in the United States.

One of the most enlightening word portraits of the American democracy of free initiative and liberty which we have ever read was voiced recently by a Michigan educator—Dr. James Thomas, president of Chrysler Institute of Engineering, Detroit.

"In 1790 we took a country that had 400 millions of income and in 140 years we raised that to 80 billions," he said.

"We took a country that had a new wealth of 500 millions, and in 150 years we raised that to 375 billions."

"We took a country that had three millions of population and raised that to 135 millions."

"We took a country with no roads at all and built 600,000 miles of paved roads, 3,000,000 miles of roads, and we put 25,000,000 automobiles on these roads in our anxiety to get somewhere, only exceeded by our anxiety to get back to where we started that we might start somewhere else."

Wealth of America

"We produce 85 per cent of all the automobiles produced in the world. And did you know that we have more radios than all the rest of the world combined? We have more bathtubs than all the rest of the world."

"They say that 7 per cent of the population of the planet, living here in the United States, tillage 5 per cent of the tillable acreage of the world, produce half of the food crops produced on earth. One English authority said that we had created and owned half of the wealth of the world since the Revolutionary war. Whether that is true, 60 per cent of all the minerals extracted from this planet are taken out of the ground of the United States."

"And I know this—that half of the world's communication facilities are here in America and that nearly half of all the railways and nearly half of all the electrical energy on the planet, and this 7 per cent of the population of the planet enjoys such

high standards of living that we drink half of the world's coffee, use half of the world's tin, a little over half of the world's rubber, three-fourths of the world's silk, one-third of the world's coal, and two-thirds of the world's crude oil."

Education, Too

And if you hastily conclude that we Americans have gone sled-length for crass materialistic culture, then listen to these facts:

"That in the 140 years we built three times as many colleges and endowed them with nearly five times as much money as all the rest of the world in any period of 140 years."

"We built three times as many libraries and put nearly five times as many books in those libraries as all the rest of the world in any period of 140 years."

"In 1933, when we were right at the bottom of that other depression, we found we had 29,500,000 boys and girls and young people in schools and colleges in this country and employed 1,000,000 teachers to teach them. That is 30,500,000 people working at this thing we call idealistic culture."

"Between 1870 and 1940 our population increased 218 per cent and in spite of that, the gainfully employed increased 291 per cent right at a period when we were making our most rapid technological development."

More Persons Employed

And here's one for the books! "Would it surprise you if I told you that more people are gainfully employed in 1930 than was true in 1870, 1880, 1890, and 1910? That is what our census shows."

"Would it surprise you if I told you that in 1875 only 324 people out of each thousand were gainfully employed, and in 1900, only 100 out of every thousand, and that between 1900 and 1930, that is, the 30-year period of our most rapid technological development, we created 20,000,000 new jobs, and that now one workman out of seven is making things his father never saw if he is past 55, and one man out of every four is making things his grandfather never saw if he is past 60?"

Yes, we should be thankful!

Fascism's Failure

Fascism's triumphs on the battlefields, paid at a staggering toll of human blood, are in sorrowful contrast to the lowered standards of living which fascism has imposed on the peoples of Germany and Italy.

According to official Italian statistics, the wages of farm laborers have declined from an average of 14 lire per day in 1927, 13 in 1929, 10.90 in 1931, 9.25 in

1932 and 8.90 in 1935—a slump of 37 per cent in eight years. Because the prices of consumption goods have fallen only slowly, the actual purchasing power of wages in Italy has dropped to a level at least 15 per cent below the level prior to advent of fascism.

Since 1930 both the quantity and quality of food available in Italy has fallen, so the records show. Average wheat consumption is less today than it was before the first World war. Two-thirds of farm land are held by a tenth of all farmers; sharecropping has increased; labor unions have been abolished; even the eight-hour day has been forgotten.

All this, too, is on the record. Yes, we in Michigan should be thankful!

Germany's Price

German industrial wages are only a fraction of those paid in Michigan.

Here is a table of hour rates for Germany workmen compared with average rates for American workmen:

General building labor—German 22.5c; American 95c.

Skilled metal worker—German 22.2c; American 85-95c.

Paper processing, skilled, male—German 23.2c; American 82c.

General steel labor—German 13.9c; American 48c.

Approximately 10 per cent of the German worker's pay is deducted at the source for insurance pay ments—unemployment and old age pension. Wage and poll taxes exact another 3.5 per cent. So-called "voluntary" contributions for the labor front and winter relief fund amount to 8 or 9 per cent.

Germany workers and white collar employees therefore receive net wages and salaries averaging only 77.4 to 81.5 per cent of their gross earnings, according to competent authorities.

It is a costly price to pay for loss of personal liberty and freedom and for lowered living conditions.

Here in Michigan, blessed generously by nature and molded by man into a mighty industrial empire, we can be truly thankful.

At this moment when the future seems uncertain and discouraging, thank God that you live in the U. S. A.

Before you go to bed tonight, get down on your knees and thank God that you live in Michigan—first among all states in industrial hourly pay, first in recreational income, eighth in per capita income, eighth in per capita retail sales—a state whose technological achievement makes it stand out this June, 1940, as "better than average" on the economic map of the world's greatest democracy.

Publication Laws Guarantee of Security

Plaintiffs in court proceedings should be "most thankful" for the Michigan statutory provision for service of notice by newspaper publication, in the judgment of Henry L. Woolfenden Jr., executive secretary of the State Bar of Michigan, state organization for attorneys.

"The person who usually 'kicks' about the necessity for the 'legal advertisements' and its costs is the plaintiff," states Mr. Woolfenden.

"Too infrequently does he realize that if it were not for the substituted service of notice which is made available to him by the legal advertisement, his hands would be tied when he came to prosecute his right of action against a defendant unless he could find the defendant and serve him personally."

"In many cases this would be impossible—in others very slow and very expensive. The plaintiff should be most thankful for the statutory provision for service by publication."

"In the recent era of mortgage foreclosures under the statute, I heard several mortgagees 'kick' about the length of notice required and the number of times it must be run. In the first place the mortgagee is fortunate to have this means of foreclosure without having to go to court with the increased cost and usually greater delay of a chancery suit. He should be thankful for it, not critical of it."

"In the second place any reduction in the number of publications reducing the cost of the publication would facilitate still more the foreclosure of mortgages, and that is contrary to the whole trend of legislation which is aimed to help not the mortgagee but the man on the other side of the fence, the mortgagor."

"The wise mortgagee will be content to retain the present mortgage law, rather than commence a change which will probably result in a law less favorable to himself."

Mr. Woolfenden points out that newspaper advertising of legal notices "furnishes the only means of fulfilling in a practical way the constitutional guaranty of security of every citizen."

U. S. Information Service Gets Many Odd Requests

He is a taxpayer. So he writes to the United States information service about this: An English friend is sending him some riding boots. But he has heard that English and American shoe sizes differ. He takes a 6½ D in American. What is it in English?

That's a sample of the problems that are dumped into the lap of the Great White Father. They are answered.

The agriculture department got these:

"We have a cow and her hide is coming out around the neck."

"How can I raise and market tarantulas?"

"Send information on cockroach. I will thank you very much. Please rush."

And this one:

"Send booklet telling how little ailments turn into big ones. How can I tell such an ailment when I wake up in the morning with a coated stomach. I may guess wrong."

Here's a big business deal: "Is there any place in the government I can get free money. That is money I don't pay back. I need \$1,200."

What would you do about snakes in the cellar; would you besmirk your patriotism if you hauled down a dirty American flag and washed it? It's all in the day's work for the Great White Father.

Kings Travel

So splendid is rail equipment in Sweden that when the king of Sweden is on a train he invariably dines in the restaurant car with other passengers. When the king of the Belgians was in Sweden, he shared a third class sleeper with two ordinary passengers.

Advice From an Expert

DON ECONOMY, 16, a pupil at the Mackenzie High School, Detroit, is one of the enthusiastic Michigan boys who has joined the Ford Good Drivers League and entered the League's \$30,000 prize contest for championship high school age drivers. Out to win one of the 48 free trips to the New York World's Fair and a chance for a university scholarship, Don seeks expert advice from Captain Walter Braznell of American Airlines, Inc. While Stewardess Gertrude Ackerman looks on, Captain

Braznell and Don review the book on skilled driving which every boy receives free on joining the League. "Don't over-control . . . skilled drivers are graceful drivers," says the book and Captain Braznell points out that this has long been a basic rule of safety in flying. Membership in the League is open to all boys between the ages of 14 and 18. There are no dues or fees and application blanks may be secured at any Ford dealers or by writing directly to the Ford Good Drivers League at Dearborn.

SNAPSHOTS

Government action in purchasing cordage fiber, which this country cannot grow, for possible national emergency suggests the probable plight of American farmers if they were now dependent on foreign sources for their binder twine, an essential commodity from a food standpoint. American manufacturers, who have assured farmers ample twine for the coming harvest, say that unless a duty is placed on foreign twine, the American binder twine industry will soon be no more. Grain growers would then, in times such as these, either be unable to get binder twine or they would have to pay foreign manufacturers exorbitant prices for it.

Battle Creek, Mich.—On her recent visit to the Battle Creek Sanitarium, Mrs. Franklin D. Roosevelt showed keen interest in the unique Michigan health center where patients receive medical treatment and relaxation under scientific observation. Of special interest was the mechanized gymnasium, completely equipped with devices for relieving fatigue and stimulating circulation. Two cyclists show the First Lady how the mechanical bicycles operate. Advance summer reservations indicate rising popularity of the health center.

Funeral services for Samuel Peterson of Roscommon were held yesterday at the Congregational church at that place. Mr. Peterson passed away Monday and the remains were at the Grayling Funeral Home here until the funeral.

Miss Dorothy Swanson has resigned her position at the Dr. Cook office and has gone to Grand Rapids to make her home with her sister, Mrs. Robert Coulter. Mrs. Coulter and Al Wentzloff, of Grand Rapids, came Thursday to accompany her there.

Members of the Catholic Woman's Guild were nicely entertained by Mrs. Thomas Cassidy at the Annex Tuesday afternoon with refreshments served in Shoppenagons Inn dining room. The Guild decided to discontinue their meetings for the summer months.

Junior Marshall was host to eight boys Friday afternoon to celebrate his 8th birthday. Marbles were played and later contests indoors, in which Billy Robarge, Johnny Kasper and Jimmy Feldhauser were the winners. Cake and ice cream were served by Mrs. Marshall to put the finishing touches to a happy birthday.

Kenneth A. Reid, general manager of National Izaak Walton League, and Tappan Gregory, president, both of Chicago, intend to be in Grayling June 23rd and while here they hope to meet many of the members of Crawford County chapter. Let's not forget the date and then give these distinguished men a royal reception.

Mr. and Mrs. Robert Gillett of New Brunswick, N. J., were calling on old friends Monday and Tuesday. The Gilletts resided in Grayling many years when he was the manager of the Grayling Dowel & Tie Plug Co. They left Grayling about 12 years ago for Bay City. For the past 9 years they have resided in New Brunswick. While here they were guests of Mr. and Mrs. Oscar Schumann.

The Junior Ladies Aid Society of the Michelson Memorial church held election of officers at their regular meeting Tuesday night. The following were elected to the various offices for the ensuing year: president, Mrs. Alfred Sorenson; vice president, Mrs. Ernest Borchers; secretary, Mrs. Harry Souders; treasurer, Mrs. George Granger. The meetings will be held at the church on the first Tuesday of the month as in the past.

Funeral services were held Wednesday afternoon from the home for Russell Steven LaVack, two month old son of Mr. and Mrs. Truman LaVack, who passed away Monday, June 3, after a short illness. The babe was born March 30. Rev. P. C. Stockholm officiated at the services. Besides the parents, two sisters and a brother are left to mourn his untimely passing. Sincere sympathy is extended the family in their bereavement.

Mrs. Thomas Cassidy was hostess to the members of the senior class for luncheon at Shoppenagons Inn Monday. A lovely arrangement of varicolored tulips and lilacs centered the table. No program was presented but Miss Virginia Peterson accompanied on the piano while the class members joined in group singing. F. J. McClain, president of the class, extended thanks and words of appreciation to their hostess for her kindness. Supt. Poor and Principal Frank Bond were also guests.

Miss Dorothy Perry who attends High school at Rutland, Vermont, is one of four pupils of the home economics class who were chosen to represent their class in a home making conference, sponsored by the University of Vermont and the State Economics Association. A photograph of the four young ladies wearing the dresses they had made appeared in the Daily Herald of that city together with a lengthy article telling of the fashion parade of the class before the Parent-Teachers Association. "Notes from Home Economics classes" were reviewed by Miss Dorothy as one of the numbers on the program. The young lady is the daughter of Mrs. William Lance and the late Ernest Perry, and the family were former residents of Grayling, but now reside at Niagara Falls, N. Y. However Miss Dorothy makes her home with an aunt and attends Rutland High school in Vermont.

My Creed

I have been honored to membership in the Michigan Funeral Directors and Embalmers Association, and it becomes my duty as well as my great desire to covet this, My Creed:

To place public service above all else and to be ever mindful of the deep obligation for common good bestowed upon me by the profession in which I am engaged.

To consider the welfare of those who come to us for aid as a matter of first importance and to let neither the wealth nor the poverty of those nor their position in life to influence to the slightest extent the achievement of every detail that is essential to perfection.

To hold every confidence inviolate; to refrain from advertising the price of funerals so that those we serve may not be embarrassed by public knowledge of the amount expended to pay final tribute to loved ones.

To achieve a perfect understanding of every need and to do everything possible to alleviate distress at the time of sorrow.

To extend a sympathetic and capable service that leaves behind beautiful and inspiring memories and to do this regardless of how modest or how elaborate a funeral may be.

To maintain an establishment in keeping with the high ideals we have set for ourselves and to provide within it a means of assuring proper respect for the privacy and comfort of the bereaved family.

To price our service and the accessories that are a part of it, so as to be available to all and as reasonable as good business judgment may dictate.

To keep constantly abreast of every new phase of our profession, to achieve all possible knowledge related to our work, and to do this so that we may better serve for the common good.

To fully acknowledge the sacredness of our calling and to treat with reverence those of whom we are called to care for.

In all sincerity shall I display this, My Creed, within my place of business, a public place, there to guard it well, as I will also place without and guard the emblem of the Michigan Funeral Directors and Embalmers Association, and never will I cause the Association, to which I by this become a member, to suffer humiliation by displaying this creed or the emblem of the Association after I have ceased to be a member in good standing, either by expulsion or non-payment of dues. All this I accept and acknowledge wholeheartedly without any mental reservations whatsoever, and to this I pledge my sacred honor to obey, the failure of which I shall, by virtue of the authority invested in the executive secretary of the Michigan Funeral Directors and Embalmers Association, relinquish to him on demand all right and title to this, the Michigan Funeral Directors and Embalmers Creed and Emblem mentioned herein.

Ready for Jobs

We have many men in the company who have held very responsible positions in the past and others who have skill and shop experience for which there may be a demand in the near future, because of the stepping-up of industry. Anticipating a call for more workers, a very comprehensive questionnaire has been prepared for the use of the men in stating the kind of work for which their experience best fits them and setting forth their employment qualifications as advantageously as possible. This information will be passed on to the agencies which will be called on to provide workers for expanding industry. We have men here in this company who would be an answer to any employers' fervent prayer.

Another Job

Frank Kelly, of this company, got a good break, when Mrs. Charlotte Parker of Coldwater, Michigan, determined to remodel and redecorate her home. Knowing of Frank's excellent workmanship, she called for him. Frank has been doing excellent work on the construction of the toboggan house at the company's Winter Sports Park project. We will miss Frank but are happy for his break.

ACEA Has Ideas

Harry Wellman, assistant camp educational adviser is preparing to take a leave this coming Friday and go home for a visit. Nothing extraordinary about this for Harry is a hard and faithful worker and is entitled to a leave. But there is reason to believe that he has some other idea in his mind. Harry has been taking long walks and conditioning himself for something. His quiet air of confidence and assurance leads some to believe that he is planning to pick himself out a nice job somewhere and take it.

To Ft. Wayne Hospital

Paul Luukkonen, driver of the official car of the Area Inspector was transferred from Mercy Hospital, Grayling, to Ft. Wayne hospital on last Sunday night. Paul is one of those stoical Finns, steady as a rock and silent to suffering. It was hard for him to give up and make his illness known. His condition was found to be serious. We all feel badly for him and hope for his complete recovery and return. He has many friends in other camps through his visits with Inspector Gerald H. Reynolds.

New Canteen Furniture

Beautiful natural log constructed tables and chairs have been provided for our newly decorated recreation room. Everyone seems to like our new canteen.

Doings of Our Gang Club

Sixteen members of Our Gang met at the home of Mrs. Archie Brown last Wednesday afternoon for their meeting.

Following a brief business session games were enjoyed with honors going to Mrs. Wm. Williams, Mrs. Barton Wakeley, Mrs. Andrew Beck, Mrs. Allan Stephan and Mrs. John Hanover.

A delightful lunch was served by the committee in charge.

Next meeting will be at the home of Mrs. Hurl Deckrow on June 13th.

Statement of Indebtedness—City of Grayling

There are outstanding as of July 1, 1940: 30—\$1,000.00 4% serial general obligation water works bonds; and 34—\$1,000 4% serial general obligation electric light and power bonds. Also outstanding are \$20,500.00 of revenue disposal plant bonds and \$120,000 of mortgage revenue electric light and power bonds. These last two mentioned types of bonds are not an obligation of the City of Grayling.

I would like to call to your attention that since November 1936, \$7,300.00 has been retired in waterworks bonds, and since April 1939, \$2,000 in disposal plant bonds. The net indebtedness of the City of Grayling as of July 1, 1940 is \$44,000.

According to the 1930 census this amounts to \$32.00 per capita.
